SKILLS

- Bug Bounty Hunting
- Network Security
- Digital Forensics (Basic)
- Linux System Security
- Ethical Hacking
- CTF Challenges
- Cloud Security
- SIEM
- Programming
- C C++ JAVA Python
- Web Development
- HTML CSS JS PHP
- Kali , Ubuntu , Windows
- MS Word, MS Office, PowerPoint
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

PROFILE

Undergraduate student eager to learn and grow in ethical hacking and cybersecurity. Passionate about identifying vulnerabilities, improving security, and gaining hands-on experience in bug bounty programs.

EXPERIENCE

- Bug bounty hunter **2023 - PRESENT**
  - Identified and reported 15+ security vulnerabilities, improving web application security and network integrity.
- CTF Player & CTF Creator
  - Created 10+ CTF challenges & THM rooms , An active CTF player in Tryhackme , picoCTF etc...

PERSONAL PROJECTS

- Cybersecurity Tools Suite | Python

Developed a collection of security-focused tools to explore network and system vulnerabilities ethically:

  - Port Scanner: Used Python-nmap to detect open ports on network IPs.
  - Packet Analyzer: Captured and analyzed network traffic (IPs, protocols, payloads) via Scapy.
  - Ethical Keylogger: Logged keystrokes to file with explicit user consent for educational purposes.
  - Password Strength Checker: Evaluated resistance to brute-force attacks with complexity feedback.
  - Caesar Cipher: Implemented classical encryption/decryption for foundational cryptography study.
  - Image Encryption: Secured images via pixel manipulation (swapping/math operations).
- Individual Research Project - “Deepfakes behind Deception”.
- Secure Operating system project Report - “Realtime OS based on Smart Chips”
- Smart Traffic Light Control System (Octave MATLAB)
  - Designed and simulated an adaptive traffic light controller, optimizing traffic flow and reducing congestion.
- SQL Database on University Library Management System
- Boat Safari Trip Management System
  - Developed CRUD Tech Stack Website , improving user interface engagement significant

REFERENCES

- **Amila Senarathne**

Head - Industry Engagement Unit

Senior Lecturer - Department of Computer Systems Engineering

Manager - SLIIT CISCO Academy

Faculty of Computing SLIIT, Malabe Campus.

EDUCATION

BSc (Hons) IT Specialized in Cyber Security 2023 - 2027
Faculty of Computing | SLIIT
Recent GPA: 3.85 / 4.0

GCE ADVANCED LEVEL 2020 - 2023
ST. JOSEPH'S COLLEGE (Colombo 10)
Physical Science (Maths) Achieved **B C C** grades.

GCE ORDINARY LEVEL 2008 - 2019
ST.ANTHONY'S COLLEGE(Wattala)
Achieved the best results (**9A's**)

CERTIFICATIONS

- Certified in Cybersecurity (CC) -ISC2
- Cisco Certified Ethical Hacker - Skill for All Cisco
- CCNA - Netcad (**reading**)
- Cisco Certified CyberOps Associate - Netcad (**reading**)
- Cyber Security 101 - Try hack me
- Introduction to Cyber Crime - Great Learning Academy
- Web Design for Beginners—University of Moratuwa
- Introduction to Cyber Security - Cisco
- Titled Graphic Designer - TCTI

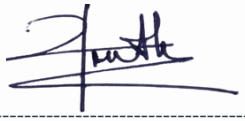

ACHIEVEMENTS

- Dean's List Award - 2nd YEAR 1st SEMESTER
- Dean's List Award - 2nd YEAR 2nd SEMESTER
- Global Top 5% - Try Hack me

EXTRA CURRICULAR & VOLUNTEERING

- Member - ISACA SLIIT
- Member Cyber Security Community - SLIIT
- School Prefectship
- President of School IT Community
- President of School Debate Team
- Karate Completed to 7 KYU

I hereby declare that the above information is true, accurate, and up to date to the best of my knowledge and belief.
